GLOBAL RANGE

ADVANCED SAFETY FOOTWEAR WITH COMFORT AND STYLE

Lemaître’s new ESD range is developed to prevent static build-up in line with global standards for industries working with sensitive electronic equipment and components such as automotive, electronics manufacturing, chemical industries and cleanrooms. ESD protection protects both workers and equipment helping prevent damage to sensitive electronics and reducing the risk of igniting flammable substances. Trust Lemaître’s ESD range to stay grounded in the workplace

RAPTOR RANGE

TORSION CONTROL

SOLE UNIT: PU DUAL DENSITY | EXTRA WIDE TOE CAP 200J

The Lemaitre Raptor range, equipped with torsion control, is built for environments with uneven terrain, such as construction and agriculture. Whether on the ground or working on scaffolding or ladders, these safety shoes and boots are engineered to support the arch of the foot, providing added stability and control where it's needed most. Keep hard-working feet safely supported with Lemaitre's range of torsion-controlled safety footwear.

APOLLO RANGE

SLIP RESISTANT

SOLE UNIT: PU DUAL DENSITY | **WIDE STEEL TOE CAP 200J**

The Apollo Sport shoe has become a household name at petrol filling stations throughout the country due to its SR slip-resistant rated soles and anti-static properties. The Apollo Sport shoe now comes with moulded memory foam insole. The discerning black design allows this shoe to fit seamlessly with uniform requirements and coupled with its extended size curve, the Sport has become a favourite in the industry.

GLADIUS RANGE

PARABOLIC RANGE

COMFORT & ANTI-FATIGUE SUPPORT

SOLE UNIT: PU DUAL DENSITY | **EXTRA WIDE TOE CAP 200J**

The Lemaitre Parabolic range, with a thick polyurethane midsole, provides extra comfort for workers who spend long periods on their feet in industries such as manufacturing. The parabolic curve in the sole adds “spring” by absorbing the wearer’s mass. Discomfort is further eliminated by the deep cleats and air movement channels preventing heat dissipation through the sole. Treat hard-working feet to Lemaitre’s range of comfort-inspired safety footwear.

THE INYATI RANGE

RUBBER OUTSOLE PROTECTION FOR DURABILITY, GRIP AND COMFORT.

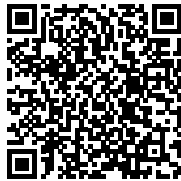

SOLE UNIT: PU/RUBBER | WIDE STEEL TOE CAP 200J

The Inyati range offers a tough durable PU/Rubber sole ensuring optimum comfort, durability and protection in some of the toughest conditions. The PU/Rubber sole features high heat, cut and abrasion resistance with an SR rated slip resistance as well as resistance to water, oil and certain chemicals, ensuring optimal protection in the workplace. The PU/Rubber sole is ideal for industries such as chemical, petro chemical, high heat environments – road works and tough agricultural and mining environments. The Inyati range features genuine leather uppers allowing you to step out with confidence, knowing your feet will be protected in tough conditions. Give hard-working feet the protection they deserve in Lemaitre's range of durable safety footwear.
